Dear Valued Customer,

Recently, we have received several customer feedback that **PANGANG TITANIUM INDUSTRY CO., LTD** has been impersonating our company's business agent and selling our company's titanium dioxide pigment products (hereinafter referred to as "products") in the market without authorization.

After verification, we confirm that our company has not authorized this company to represent our products. **www.pangang-titanium.com** is a fake website, its number **+86-28-61500891** and email address **sale@pangang-titanium.com** have no relationship with Pangang.

Pangang currently produces four grades of sulphate process products, which are **R-298, R-248, R-249 and R-228**, and two grades of chloride process products, which are **CR-350 and CR-340**. Our official website is <http://www.pgvt.cn> and our official e-mail address is tio2@vtird.com. **Pangang Group Chengdu Vanadium & Titanium Resources Development Co., Ltd** is responsible for the global sales of the above titanium dioxide products.

We will take all necessary legal measures to enforce our rights against those who produce or distribute counterfeit products. We urge customers to be cautious and purchase only from the authorized company. The packing of products is as follows.

Yours sincerely,

PANGANG GROUP CHENGDU VANADIUM & TITANIUM RESOURCES DEVELOPMENT
CO., LTD.
For and on behalf of
PANGANG GROUP CHENGDU VANADIUM & TITANIUM
RESOURCES DEVELOPMENT CO., LTD.
